

## Science Grant Scheme Update

Update No. 1: 24th November 2011  
Charity Number: SC033562

This is the second year that the Edina Trust science grant scheme has been open to all state primary schools in Fife, and we hope even more schools take up the opportunity to apply for a grant this year!

In addition, the Trustees have approved increasing the maximum grant available to £550!

Last year schools did a fantastic job of applying, with 105 schools receiving grants of up to £500. This year we want to make sure that none of you miss out on the chance to help us get exciting, investigative science into primary schools. You can give your pupils the chance to do some real hands-on messy science and maybe stock up on some fun equipment at the same time.

### Remember:

- There's no hurry to submit your application as you have until the end of the academic year but the sooner you start planning what you want to do with your grant the sooner you can get started!
- No retrospective applications can be accepted.
- The Trust requires a breakdown of costs to process the application.

Our website [www.edinatrust.org.uk](http://www.edinatrust.org.uk) includes:

- Information on projects that schools have planned with their Edina Trust grant
- Other resources for planning your own science event.
- Request an application form (or any other queries)
- Tips on applying for a grant
- A list of science resources and providers

### Examples of:

#### Science Week topics:

- Move it! Science Week
- Health Week
- Our Bodies

#### Trips/Workshops schools had last year with the grant:

- Generation Science
- Dynamic Earth
- Ecology Centre
- Glasgow Science Centre
- Edinburgh Zoo

For any further help applying please contact our consultant:
