We will require enough bulbs for pupils (**max. 60**)

Please consider carefully the number of pupils and teachers involved.

We recommend limiting participation to one class.

Which year group will be taking part in this project?

Please note that schools joining the project should nominate a Key Stage 2/Second Level class to take part in the Bulb Project. An important element of the project involves children taking regular weather recordings and looking at data from charts. Experience suggests that successful completion of the project is more likely with older children. We will accept applications from Key Stage 1/First Level classes if the school is repeating the project at this level and clearly understands the tasks it involves.

I have discussed the school's participation of this project with my Headteacher

I will let the Edina Trust know if my school decides it must withdraw from the project, so that another school will be able to join instead.

Privacy Statement: The Edina Trust stores the contact information provided on this application form within its legitimate interests as a grant providing charity. This information will be shared with National Museum Wales for the purposes of the project, e.g. delivery of bulbs and other resources. However it will never be shared or sold to any other outside organisation. The Trust will process the information you have provided for the following reasons:

- Reviewing and assessing your application in order to make a decision on whether to accept your school onto the Bulb Project;
- Contacting you to provide feedback and keeping you updated during the project;
- Retaining these forms for the one year duration of the Bulb Project period plus a further 12 months;
- Retaining information confirming your application and our decision in relation to it.
