

# Edina Trust

## Bulb Project

Ground Group Scientists

Record your data on the National Museum Wales website and the attached daffodil flowering chart.

<https://museum.wales/learn/spring-bulbs-for-schools/>

## Instructions

**Twenty of your daffodil bulbs should be planted in the ground.**

**Take a pic of your Bulb Plot and enter our photo competition!**

**Please don't water your bulbs after Planting Day—we want to study the effect of the rain!**

**When your daffodils flower in spring, record the date & height!**

## Bulb Project

### Chart for Daffodils in the Ground

Your Daffodils may start to flower in January so visit your plot regularly to check on them. When they do flower (and you can see the inside of the flower) record it here and send your results in to us via the website:

<https://museum.wales/learn/spring-bulbs-for-schools/>

We look forward to hearing from you!

| Daffodil   | Date of Flower | Height (mm) | Notes, e.g. measured by...    |
|------------|----------------|-------------|-------------------------------|
| Example 1. | 17/02/2026     | 330         | Measured by Samantha and Emma |
| 1.         |                |             |                               |
| 2.         |                |             |                               |
| 3.         |                |             |                               |
| 4.         |                |             |                               |
| 5.         |                |             |                               |
| 6.         |                |             |                               |
| 7.         |                |             |                               |
| 8.         |                |             |                               |
| 9.         |                |             |                               |
| 10.        |                |             |                               |
| 11.        |                |             |                               |
| 12.        |                |             |                               |
| 13.        |                |             |                               |
| 14.        |                |             |                               |
| 15.        |                |             |                               |
| 16.        |                |             |                               |
| 17.        |                |             |                               |
| 18.        |                |             |                               |
| 19.        |                |             |                               |
| 20.        |                |             |                               |
